OF ANDREW G. BESHEAR, GOVERNOR,  
COMMONWEALTH OF KENTUCKY

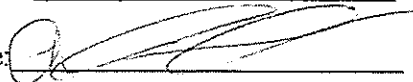

Comes the Affiant, Austin Shackelford, and swears and states the following,

Having reviewed and considered all the evidence and facts within the public domain, regarding Governor Andrew Beshear's "emergency" actions taken upon an alleged "pandemic",

I find that his initial actions in the first 30 days, in responding to the alleged pandemic, may have been justified on the side of caution. But, as more time passed it was clear that the survivability rate of the virus was 98% +/- . Based upon evidence and fact I find beyond a reasonable doubt, that Governor Andrew Beshear has abused executive powers, has acted arbitrarily and with malfeasance, has perpetrated a fraud upon the people of Kentucky, has caused great harm to the economy in Kentucky and small business, has caused the loss of hundreds of thousands of jobs, has violated the right of religious freedoms, the right of conscience, the right to assemble, to travel, and much more. To all of this I am a first hand fact witness and find it clearly rises to a level of "impeachable conduct" committed against the peace and dignity of the people of the Commonwealth of Kentucky.

COMMONWEALTH OF KENTUCKY

Comes the Affiant, Athena Crowens, and swears and states the following.

Having reviewed and considered all the evidence and facts within the public domain, regarding Governor Andrew Beshear's "emergency" actions taken upon an alleged "pandemic", I find that his initial actions in the first 30 days, in responding to the alleged pandemic, may have been justified on the side of caution. But, as more time passed it was clear that the survivability rate of the virus was 98% +/- . Based upon evidence and fact I find beyond a reasonable doubt, that Governor Andrew Beshear has abused executive powers, has acted arbitrarily and with malfeasance, has perpetrated a fraud upon the people of Kentucky, has caused great harm to the economy in Kentucky and small business, has caused the loss of more than a hundred thousand jobs, has violated the right of religious freedoms, the right of conscience, the right to assemble, to travel, and much more. To all of this I am a first hand fact witness and find it clearly rises to a level of "impeachable conduct" committed against the peace and dignity of the people of the Commonwealth of Kentucky.

I find that his initial actions in the first 30 days, in responding to the alleged pandemic, may have been justified on the side of caution. But, as more time passed it was clear that the survivability rate of the virus was 98% +/- . Based upon evidence and fact I find beyond a reasonable doubt, that Governor Andrew Beshear has abused executive powers, has acted arbitrarily and with malfeasance, has perpetrated a fraud upon the people of Kentucky, has caused great harm to the economy in Kentucky and small business, has caused the loss of hundreds of thousands of jobs, has violated the right of religious freedoms, the right of conscience, the right to assemble, to travel, and much more. To all of this I am a first hand fact witness and find it clearly rises to a level of "impeachable conduct" committed against the peace and dignity of the people of the Commonwealth of Kentucky.

Based upon evidence and fact I find beyond a reasonable doubt, that Governor Andrew Beshear has abused executive powers, has acted arbitrarily and with malfeasance, has perpetrated a fraud upon the people of Kentucky, has caused great harm to the economy in Kentucky and small business, has caused the loss of hundreds of thousands of jobs, has violated the right of religious freedoms, the right of conscience, the right to assemble, to travel, and much more. To all of this I am a first hand fact witness and find it clearly rises to a level of "impeachable conduct" committed against the peace and dignity of the people of the Commonwealth of Kentucky.

AFFIDAVIT  
IN SUPPORT OF IMPEACHMENT  
OF ANDREW G. BESHEAR, GOVERNOR,  
COMMONWEALTH OF KENTUCKY

Comes the Affiant, ANITA ELLISON, and swears and states the following,

Having reviewed and considered all the **evidence and facts within the public domain**, regarding Governor Andrew Beshear's "emergency" actions taken upon an alleged "pandemic",

I find that his initial actions in the first 30 days, in responding to the alleged pandemic, may have been justified on the side of caution. But, as more time passed it was clear that the survivability rate of the virus was 98% +/- . Based upon evidence and fact I find beyond a reasonable doubt, that Governor Andrew Beshear has abused executive powers, has acted arbitrarily and with malfeasance, has perpetrated a fraud upon the people of Kentucky, has caused great harm to the economy in Kentucky and small business, has caused the loss of hundreds of thousands of jobs, has violated the right of religious freedoms, the right of conscience, the right to assemble, to travel, and much more.
